Dear Colleagues:

The Indiana School Counselor Association is pleased to collaborate with the Indiana Department of Education to continue to provide this level guide for all professional school counselors. Each grade and developmental level brings its own triumphs and challenges. It is our hope that this level guide and your professional connections will support your work with Indiana students and families. In addition, each year ISCA provides opportunities for professional development such as the Level Retreats, the Fall Conference, Day on the Hill, Graduate Student Workshop, webinars, and more. ISCA is honored to support you in your professional development and connections, so that you can continue to thrive as a professional school counselor.

Thank you to the ISCA members who renew each year and to those who choose to join as new ISCA members. Without your membership, ISCA cannot succeed in meeting the notable goals listed in our strategic plan. If you have questions or concerns, please contact me at jenmoneybrady@gmail.com. Every member is important! ISCA needs your involvement and input to advocate for all students to help them succeed.

I hope you have a successful school year both personally and professionally as you embrace your role in the profession of school counseling! Don’t forget to visit the ISCA website at indianschoolcounselor.org for additional resources and information. Let’s continue to work together to achieve success.

Best wishes!

Jen Money-Brady
2017-18 ISCA President
Comprehensive Guidance & Counseling

- **Calendar of Events** (Click on Calendar of Events for Indiana School Counselors)
- **Responsibilities**
  
  o Data Collection/MEASURE
    
    Mission – align your program mission to the school’s mission
    Elements – identify important data elements
    Analyze – identify barriers and recognize patterns
    Stakeholders – collaborate with school and community partners
    Unite – develop an action plan with measurable goals
    Reanalyze – look at results and determine what worked and what didn’t
    Educate – publicize your results
  
  o NOSCA’s strategic planning process:
    
    Step 1. Analyze Data
    Utilize existing school data such as ISTEP scores and other assessment results, attendance, discipline; and community data to get a good picture of your student & community population.
    
    Step 2. Set Goals
    
    Step 3. Choose Solutions
    
    Step 4. Implement the Plan
    
    Step 5. Collect/Report Outcome Data
    
    Step 6. Institutionalize Equity Gains
  
  o Online Resources:
    
    ➢ Redesigning School Counseling ([RSC Overview](#)), American Student Achievement Institute (ASAI) - [Login](#)
    ➢ Center for School Counseling Outcome Research & Evaluation ([CSCORE](#))
    ➢ Center for Excellence in School Counseling & Leadership ([CESCaL](#))
    ➢ [EZ Analyze](#)
    ➢ Indiana College and Career Readiness [Annual Survey](#)
    ➢ [The Education Trust](#)
    ➢ The National Consortium for School Counseling and Postsecondary Success ([NCSCPS](#))
  
- **Gold Star School Counseling**
  
  Through participation in the American Student Achievement Institute’s (ASAI’s) Redesigning School Counseling process, school counseling and guidance departments may earn the Gold Star recognition. Recipients of the Indiana Gold Star School Counseling Award have demonstrated that their guidance and counseling program exhibits the highest level of school counseling professionalism by meeting or exceeding the Indiana School Counseling Program Standards and the American School Counselor Association’s (ASCA’s) National Model. Recipients of the Gold Star Award have also met the standards for the national Recognized ASCA Model Program (RAMP) award and would just have to submit an online application (including a fee) through ASCA’s [website](#) following confirmation of meeting the Gold Star requirements.

- **Guidance Lesson Plan Template**
• Guidance Logs, (Appendix A)
• Recognized ASCA Model Program (RAMP)
  The American School Counselor Association (ASCA) established RAMP to promote exemplary, comprehensive school counseling programs. RAMP is based on the ASCA National Model.

  o Indiana Content Standards for School Counseling
  o Indiana School Counseling Competencies for Students
  o Indiana Program Standards for School Counselors
  o ASCA Mindsets and Behaviors for Student Success
  o ASCA School Counselor Competencies
  o ASCA Ethical Standards

• Sample Counseling Curriculum
  o Sample Gold Star Portfolios
  o School Counseling Toolkit

• Terminology, (Appendix B)
Academic Guidance & Resources

Academic Accommodations and Special Services

- **English Learners (EL)**
  - Individual Learning Plan (ILP)
    A record-keeping document developed for each English learner, outlining the student's level of English proficiency, instructional and assessment strategies, and accommodations.
  - It is recommended that the ILP be developed by the EL teacher in collaboration with the classroom teacher. The ILP must be updated annually based on WIDA ACCESS for ELLs proficiency assessment overall and domain scores.
  - A copy of the ILP should be in the teacher's file and student's cumulative file.
  - Accommodations used on ISTEP+ must be those already in place for regular classroom instruction and must be indicated in the ILP.
  - **Learning Connection** Community – ‘IDOE Title III and NESP (English Learners)’

- **Section 504**
  At the request of a parent, teacher, etc., a student can be evaluated to determine if he/she is a student with a disability, requiring accommodations or special education services under Section 504 of the Rehabilitation Act of 1973. To qualify, the school must evaluate the student, and then the 504 team must determine that the student has a physical or mental impairment that substantially limits a major life activity; a record of such an impairment; or is regarded as having an impairment. Major life activities include functions such as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working.
  The Americans with Disabilities Amendments Act of 2008 (ADAAA of 2008) effectively amended the eligibility requirements under Section 504 and significantly expanded what is considered a major life activity, which now includes in that definition major bodily functions. As a result, some conditions, such as diabetes, may automatically make a student eligible under Section 504 as the student has a physical impairment that substantially limits a major life activity (the endocrine system). While the Amendments Act does not alter these three elements of the definition of disability, it significantly changes how the term "disability" is to be interpreted. Specifically, Congress directed that the definition of disability shall be construed broadly and that the determination of whether an individual has a disability should not demand extensive analysis. For more information, see the questions and answers [here](#).
  - If a student qualifies for a 504 plan, an evaluation or review is not required annually but the student's needs must be met and a review or evaluation must be done prior to any significant change in placement.
  - A 504 plan is not limited to only consisting of accommodations, although many people tend to think so. Under Sec. 504, the school must provide an appropriate education. The regulations indicate that the provision of an appropriate education is the provision of regular or special education and related services that are designed to meet individual needs of the individual with disabilities as adequately as the needs of nondisabled individuals are met.
Special Education To be eligible for special education and related services, the case conference committee (CCC) must determine, based on the evaluation results and other information, that the child is a student with a disability and that the student’s disability adversely affects the student’s education performance and, by reason thereof, the student needs special education or related services. A student with a disability is a child who has been evaluated in accordance with Article 7 and has been determined to be eligible for special education and related services by a CCC.

- **Request for Evaluation:**
  - The evaluation process begins with a referral from a parent or school personnel. The referral from a parent must be made verbally or in writing to licensed personnel.
  - The school must respond within 10 school days of the request. If the school refuses to evaluate the student, the notice or response must inform the parents of what actions they can take if they disagree with the school’s decision. The parent may ask the school to participate in mediation or request a due process hearing.

- **Evaluation:**
  - Once written parental consent for an evaluation is provided, a multidisciplinary team (M-Team) conducts a comprehensive educational evaluation.
  - The M-Team must complete its evaluation, and the CCC must convene within 50 school days from the date written parental consent is provided to licensed school personnel. There are a few exceptions to this timeline including, if the student has completed the RTI process and not made adequate progress within an appropriate period of time, in which case the school has 20 school days from the date licensed personnel receive written parental consent to conduct the evaluation and convene the CCC. Note that the 20 day timeline referenced above, only applies if the school determines the student hasn’t made adequate progress as a result of RTI and makes the referral for an evaluation. If the parent makes the referral for a student who has participated in RTI, the 30 day timeline still applies.

- **Results:**
  - When the educational evaluation is completed, school personnel and the parent(s) meet (a process known as the Case Conference Committee meeting) to review the evaluation results and determine if the student is eligible for special education and related services.
  - If the student is determined to be eligible for services, an Individualized Education Program (IEP) will be written for the student. IEP: The written document, developed by the case conference committee (including parent(s) and school personnel), describing how the student will participate in the general education curriculum, if appropriate, and any special education or related services to be provided.

- **Reevaluation:**
  - The school must consider the potential need for reevaluation for each student receiving special services at least once every three years.
  - The CCC may decide that a reevaluation is needed or the parent(s) or teacher may request a reevaluation.

  - Individuals with Disabilities Education Improvement Act (IDEA)

Graduation Plan
All Indiana students are required to develop initial graduation plans with their parents/guardians by the end of 6th grade. The plans are then considered part of the student's permanent record. School counselors are required to further develop the graduation plans, with students and parents, by the end of 9th grade and then annually review them with the students until they graduate.

- Indiana Statute
- Online Graduation Plan (Indiana Career Explorer)
- Graduation Plan Sample, Grades 6-12 (Printable sample can also be found within the student's profile in the Indiana Career Explorer)
- Graduation Plan FAQ’s

Graduation Requirements
- Diploma Types
  Completion of Core 40 is a graduation requirement for all Indiana students. The legislation includes an opt-out provision for parents who determine that their student could benefit more from the General Diploma. The Core 40 diploma is also the minimum college admission requirement for the state’s public four-year universities.
    - General Diploma Class of 2016 and beyond (opt out process required)
    - Core 40 Class of 2016 and beyond
    - Core 40 with Academic Honors Class of 2016 and beyond
    - Core 40 with Technical Honors Class of 2016 and beyond
    - Graduation Requirements Sample Checklist

- Opt Out Process
- Required Courses
  - Course descriptions provide brief statements of the content of high school curricular areas. These descriptions will assist in communicating, in a broad context, the content standards of courses.
  - Code numbers listed before each course description must be used when reporting courses on Indiana Department of Education documents.
  - The maximum number of credits that may be granted for each course is listed in the course description bullets.
  - Course description bullets identify those courses in which students may receive credit for successive semesters of instruction.
  - Minimum and recommended prerequisites are listed for some courses. Local schools and corporations may require additional prerequisites.
  - State Approved Course Titles & Descriptions

Course descriptions in this document are based upon State Board approved course titles.
• **Non-Standard Courses** (courses not included in the state approved course packet)
  o Schools may create and offer courses that are not included in the list of state approved courses. To do so, schools can apply for a non-standard course waiver (scroll to bottom of the page).

• **Advanced Placement** (AP) Courses
  o AP courses are courses and corresponding exams offered in the high school administered by the College Board. While AP courses are rigorous, they do not fit into the Indiana Commission for Higher Education’s definition of dual credit, since AP courses are not offered by a college and do not automatically result in college credit.

  *Note that to fulfill the AHD requirements using the AP course option, students must take the corresponding AP exam.*

  o Students who earn a score of 3 or higher on AP exams **shall** receive college credit toward their degree at any Indiana public institution of higher education; this includes all two-year and four-year schools. Indiana public institutions of higher education may require a score higher than 3 to award credit for a course that is part of a students’ major, but the student must still receive credit that counts toward his/her overall degree requirements (effective 2011).

  o **Indiana law** requires each high school to offer College Board’s science and math advanced placement courses; **Indiana Code** also requires each high school to provide at least two AP courses (which may include the science and math AP courses).

• **Dual Credit** Courses
  o Dual credit courses allow students the opportunity to earn both high school and college credits. They are courses taught by high school faculty, adjunct college faculty, or college faculty either at the high school, the college or university, or through online courses.

  o **Indiana law** requires each high school to offer a minimum of two dual credit courses.

  o To meet the dual credit option for the AHD or THD, courses must come from the approved dual credit list (graduating class of 2016 and after). Note that for reporting A-F, dual credit must also come from the approved dual credit list.

• **International Baccalaureate** (IB)
  The IB offers high quality programs of international education to a worldwide community of schools. Indiana has schools authorized in all three programs offered: the Primary Years Programme (PYP) for students aged 3 to 12, the Middle Years Programme (MYP) for students aged 11 to 16, and the Diploma Program (DP) for students aged 16 to 19. All three programs strive to develop the intellectual, personal, emotional and social skills to live, learn, and work in a rapidly globalizing world. IB programs include a curriculum framework, age-appropriate student assessments, professional development for teachers, and support, authorization, and program evaluation for the schools. Detailed information about IB can be found on their public Web site at [www.ibo.org](http://www.ibo.org).
*Note that IB is not required in Indiana schools.
  o Learning Connection Community – ‘International Baccalaureate’
• Testing Requirements (see ISTEP+ ECA section under Assessment, below)
  o Waiver Options
• Early Identification and Remediation Guidance, IC 20.30-4-6
  o If a student does not pass the graduation exam, the school counselor shall meet with the student, parent, & teacher assigned to the student for remediation in each subject area not passed to discuss remediation & plan to meet graduation requirements
• Transcript Requirements
  o Requirements and Guidance
  o e-transcripts (Tari Lambert tlambert@che.in.gov or Matt Sterenberg msterenberg@parchment.com)
  o Effective July 1, 2015, all public schools shall use a common electronic transcript developed by the Department of Education, state educational institutions, and the Commission for Higher Education per IC 21-18-12.
• Non-Diplomas (Certificates)
• Resources
  o 8th Grade Student/Parent presentation Note that this power point will be updated and finalized to the extent possible in the fall/early winter for the 2017-18 school year. This will be especially important for the assessment/graduation pathway information that is TBD.

Assessment
• ISTEP+ Guidance
  o Because assessment information can change every year, it’s important to first visit the Indiana Department of Education’s assessment website.
    ➢ Many questions about ISTEP+ administration can be answered by downloading and reviewing information on the following ISTEP+ webpages: http://www.doe.in.gov/assessment/istep-grades-3-8 or http://www.doe.in.gov/assessment/istep-grade-10
    ➢ Additional information about ISTEP+ can be found in Chapter 1 of the Indiana Assessment Program Manual located on the Office of Student Assessment’s webpage (click here: http://www.doe.in.gov/assessment). The manual is updated annually and provides detailed information about test preparation, security, testing students with disabilities, dealing with testing anomalies and much more.
    ➢ All Indiana students in grades 3-8 & 10 must participate in the state ISTEP+ assessment. For most students with special needs, federal and state law requires participation in ISTEP+ assessments with or without accommodations.
      ▪ For students with significant cognitive disabilities, however, the Case Conference Committee, utilizing the criteria for determining eligibility to
participate, may determine that the Indiana Standards Tool for Alternate Reporting (ISTAR) is the most appropriate assessment. The criteria can be found at: http://www.doe.in.gov/assessment/alternate-assessments.

- **IREAD-3** was developed in accordance with HEA 1367 (also known as PL 109 in 2010), which requires the evaluation of reading skills for students at the end of grade 3. While both ISTEP+ ELA and IREAD-3 assessments measure grade 3 reading skills, Grade 3 ISTEP+ ELA measures both reading and writing standards; and IREAD-3 measures only foundational reading skills through grade 3. Students who do not pass the Grade 3 reading assessment (IREAD-3) will continue to receive instruction in Grade 3 Reading, be officially reported as a third grader, and fully participate in the IREAD-3 assessment unless the student is eligible for a Good Cause Exemption (www.doe.in.gov/assessment/iread-3 under Additional Resources).

- **ISTEP+ ECA Guidelines**
  - Students in the 2021 cohort and beyond will be expected to demonstrate college and career readiness through the completion of a graduation pathway to be developed by the State Board of Education. Students enrolled in the Biology I course for the first time are also required to take the ISTEP+ Science assessment to meet federal requirements. The ‘latest’ results of all three assessments (ELA, Math, and Science) should be noted on the high school transcript per IC 20-33-2-13 (numerical scores or P/DNP).
  - **Opportunity to Learn (OTL)**
    - Students must complete the Algebra I class before taking the Algebra I ECA and the English 10 class (or 2nd year of English) before taking the English 10 ECA. Students must also complete Biology I before taking the Science assessment (see ‘ECA Testing Requirements Guidance’).
    - Before retesting in Algebra I or English 10, students should have sufficient “opportunity to learn” (OTL) in order to have a better chance of meeting the ECA requirement.
  - **ECAs**
    - The Algebra I and English 10 end-of-course assessments are often just referred to by educators as “ECAs.”
    - Prior to the 2011-12 school year, all high school students were required to meet the requirements of the state’s Graduation Qualifying Exam (GQE) in order to graduate. The last administration of the GQE was in the spring of 2011.
    - ECAs were replaced with the ISTEP+ grade 10 assessments in ELA and Math to meet the graduation examination requirement and for purposes of meeting accountability requirements for the classes of 2019 and 2020.
    - The graduating class of 2021 and beyond will demonstrate college and career readiness through the completion of a graduation pathway to be developed by the State Board of Education.
  - **Waivers**
    - Students who are unsuccessful in passing the graduation exam by the end of their senior year, may be eligible for one of two state waivers:
1. Evidence-Based Waiver, or
2. Work Readiness Waiver

➢ A description of the requirements for these waivers is available here.
*Note that if a student qualifies for a waiver, he/she can be issued the diploma type of which they meet all requirements.

๏ Who to Contact

➢ Every Indiana public school corporation identifies a Corporation Testing Coordinator (CTC) who can provide guidance and assistance with any ISTEP+ questions you might have.
➢ Find general contact information for the IDOE Office of Student Assessment at http://www.doe.in.gov/assessment.

๏ Parent Resources

➢ Substantial information about ISTEP+ testing is available for parents at http://www.doe.in.gov/assessment.
➢ Parents can find helpful information on the Office of Student Assessment’s ISTEP+ webpages: http://www.doe.in.gov/assessment/istep-grades-3-8 or http://www.doe.in.gov/assessment/istep-grade-10.

• WIDA

๏ The WIDA ACCESS for ELLs is used to determine a student's level of English proficiency. ACCESS for ELLs consists of an initial placement screener (WIDA Screener) and an annual assessment. An alternate form, Alternate ACCESS for ELLs, is available for English learners with significant cognitive disabilities. If a language other than English has been indicated on the Home Language Survey, a placement assessment must be administered to determine whether a student is an English learner and should receive English language development services. Subsequently, if it is determined, based off of the placement test, that the student is an English learner, the ACCESS for ELLs is administered each year during an assessment window (January-February) and is used to determine the student’s current level of English proficiency and is used for accountability purposes.

๏ The WIDA ACCESS for ELLs is structured to comprehensively assess English learners in grades K-12 in the four language domains of speaking, listening, reading, and writing. The results are reported by speaking, listening, reading, writing, oral language composite, literacy composite, and comprehension composite scores. An overall composite score represents the overall English proficiency level of the student. This assessment is administered in six grade level bands: K, 1, 2-3, 4-5, 6-8 and 9-12.

๏ Levels 1.0 – 6.0 are assigned to each of the domains and an overall score is also given. Level 5.0 is proficient. An English learner must score a level 5.0 once in order to be exited from services and begin the federally-required two year monitoring period.

▪ Level 1: Entering
▪ Level 2: Emerging
▪ Level 3: Developing
▪ Level 4: Expanding
▪ Level 5: Reaching
Once an English learner achieves a level 5.0, there is a federal requirement to monitor the student for two years to ensure the following: a) a student is able to keep up with their non-EL peers in the regular educational program; b) a student is able to participate successfully in essentially all aspects of the school’s curriculum without the use of simplified English materials; and c) whether their retention in grade and dropout rates are similar to those of their non-EL peers. A two-year monitoring form must be created by the school corporation and an individual should be assigned to monitor that student’s progress over the two-year period as necessary.

- **Advanced Placement (AP) – Every school corporation has a designated AP Coordinator**

Students that earn a score of 3 or higher on an AP exam shall receive college credit towards their degree if they attend any Indiana public institution of higher education; this includes all two and four year schools and any accompanying satellites. Indiana public institutions of higher education may require a score higher than 3 to award credit for a course that is part of a student’s major but the student will still receive elective credit that counts toward their overall degree requirements to graduate from college.

- **IC 20-30-10-4**

  Each high school must provide at least two of the following course offerings to high school students who qualify to enroll in the courses: (1) Dual Credit. (2) Advanced Placement.

- **IC 20-36-3** Advanced Placement Courses

- **AP Courses & Exams**

- **Payment/Cost**

  Each winter/spring, the Indiana Department of Education releases information regarding what exams will be covered by the state. This is based on an amount set aside in the budget by the General Assembly so it is important to look for the annual memo with details sent by the IDOE.

- **Learning Connection Community – ‘IDOE – AP Teachers and Coordinators’**

- Information regarding College Entrance Preparation and Entrance Exams can be found under the College and Career Counseling section (p. 14).
College & Career Counseling & Guidance

‘The Eight Components of College & Career Readiness Counseling offer a roadmap for K-12 school counselors to inspire and prepare all students, especially underrepresented student populations, for college and career success and opportunity.’

*College Board National Office for School Counselor Advocacy*

1. **College Aspirations**
   - Create a college going culture in your school and community.

2. **Academic Planning for College & Career Readiness Counseling**
   - Educate students on all high school requirements and diploma types.
   - Encourage students to work towards the honors diplomas.
   - Encourage students to take rigorous courses such as AP, dual credit, and IB.
   - Encourage students to complete a college or career pathway.
   - Utilize resources such as College Board’s [AP Potential](https://www.collegeboard.org) to determine course placement.

3. **Enrichment and Extracurricular Engagement**

4. **College & Career Exploration and Selection Processes**
   - Provide students & parents with information regarding all postsecondary options:
     - College (2 & 4 year); Apprenticeship Programs; Military
   - College:
     - College Admissions Requirements
     - College Visits
     - Online College Search
   - Provide students with essential tools for their college and career search:
     - Career Interest Assessments (see Career Exploration under the Resources section, p. 39)
     - College Search Tools
     - College Visits – Different ways to visit colleges (college website browsing, onsite campus visits, college fairs, and [virtual tours](https://collegeweeklive.org) (College Week Live (virtual tours and college fairs), & [Campus Tours](https://www.campus-tours.com)).
   - Resources (see the Resource section)
     - [Big Future](https://collegeboard.org)
     - [Indiana Career Explorer](https://www.in.gov/dseids/indiana-career-explorer/)

5. **College & Career Assessments**
   - College Entrance Exams
     - [ACT](https://www.act.org)
     - [SAT](https://www.collegeboard.org)
   - College Entrance Preparation Exams
     - [ASPIRE](https://www.collegeboard.org) or [PSAT/NMSQT & PSAT 10](https://www.collegeboard.org)
   - College Placement Tests
     - [ACCUPLACER](https://www.collegeboard.org)
       - The purpose of ACCUPLACER tests is to provide students (and counselors) with useful information about the student’s academic skills in math, English,
and reading. The results of the assessment, in conjunction with the student’s academic background, goals, and interests, can be used by academic advisors and counselors to determine a student’s course selection.

- Students cannot pass or fail the placement tests but it is important that they do their best to get an accurate measure of their academic skills.

*Note that, the ACCUPLACER is also administered to meet the college and career readiness exam requirements outlined PL 268-2013. Guidance is available here.

6. College Affordability Planning
   - Save; Grants; Scholarships; Work-study; Institutional Aid; Student Loans
   - College Cost Estimator
   - Financial assistance applications and deadlines
     - Free Application for Federal Student Aid (FAFSA)
     - College Scholarship Service (CSS) PROFILE form (required by many private colleges and universities to determine eligibility for non-government financial aid)
     - Indiana’s Division of Student Financial Aid
     - 21st Century Scholars Program
       - ScholarTrack (Allows students to keep track of their Scholar Success Program requirements)
   - Resources:
     - College Choice 529 Plan
     - Indiana's Cash for College
     - CareerReady
     - Learn More Indiana
     - INvestEd Indiana: College Funding Experts for Hoosiers

7. College & Career Admission Processes
   - Admission Requirements
   - Application guidance and deadlines

8. Transition from High School Graduation to College Enrollment
   - Encourage students entering college to participate in a student access, transition, and success program. Examples of programs in Indiana include Purdue University’s, Boiler Gold Rush University of Indianapolis’s Bridge Scholars Program (program criteria and counselor recommendation), and Indiana University’s First Year Experience. Most Indiana institutions have an orientation program to get students acquainted to campus, services, and the community and offer students an opportunity to meet other students and staff.
Social/Emotional Guidance & Counseling Resources

- Collaborative for Academic, Social and Emotional Learning (CASEL)

- Community resource mapping
  - Refer to 2-1-1 for services available in Indiana Counties
  - Community resource mapping promotes interagency collaboration by better aligning programs and services for youth and families. The major goal of community resource mapping is to ensure that all youth have access to a comprehensive and integrated system of services essential in achieving desired school and post-school outcomes.
  - Agencies to include: mental health, state and local Department of Child Services (DCS) offices; local police; shelters or services (food, clothing, etc.) for homeless families or those impacted by domestic violence; Division of Student Financial Aid; Learn More Indiana; juvenile detention, probation, truancy court; after school programs (i.e. Boys and Girls Club, YMCA, in-school programs, etc.).
  - Community Resource Map sample, (Appendix C)

- Crisis Planning, Intervention and Response

- Mandatory Curriculum, Training, and Reporting:
  - Bullying Prevention requirements for school corporations:
    - Report the number of bullying incidents under student safety reporting, by category.
    - Provide training to employees and volunteers who have direct, ongoing contact with students concerning the school’s bullying prevention and reporting policy
    - Not later than October 15 of each year, provide age appropriate, research based instruction focusing on bullying prevention for all students in grades 1-12.
      - Instruction may be delivered by a school safety specialist, school counselor, or any other with training and expertise in the area of bullying prevention and intervention.
  - Child Abuse Prevention
    - Not later than December 15, 2018, and each December 15 thereafter, each public school, including a charter school and accredited nonpublic school shall provide age appropriate and research and evidence-based instruction on child abuse and child sexual abuse to students in grades k-12. Instruction may be delivered by a school safety specialist, school counselor, or any other person with training and expertise in the area of child abuse and child sexual abuse’.
    - Each school corporation, charter school, and accredited nonpublic school shall require each school employee likely to have direct, ongoing contact with children within the scope of the employee’s employment to attend or participate in training on child abuse and neglect, to include: the duty to report suspected child abuse or neglect under IC 31-33-5; and recognizing possible signs of child abuse or neglect, at least every two years.
It is important to know that any person who has a reason to believe a child is a victim of abuse or neglect has a duty to make a report to the Department of Child Services (DCS) or the police.

- **Suicide Prevention**
  - Beginning after June 30, 2018, evidence-based suicide awareness and prevention training is required for all teachers, including a Superintendent, principal, teacher, librarian, school counselor, school psychologist, school nurse, school social worker, and any other appropriate school employees employed at schools that provide instruction in any combination of grades 5-12.

- Relevant Laws:
  - [Counselor Immunity from Liability](#)
  - [Duty to Report Child Abuse or Neglect](#)
  - [Duty to Warn](#)
  - [Child in Need of Services](#)
  - [Child Abuse & Neglect Laws](#)
  - [Child Abuse Response Policies and Reporting Procedures](#)

- Counseling as a “Related Service” written into an IEP
  - Counseling services (sometimes referred to as a “related service”) may be included in a student’s individualized education program (IEP). When counseling is written into a student’s IEP, it is important to write and regularly monitor counseling goals. Remember, an IEP is a legal document.

Licensure

- Counselor Education Programs in Indiana
- License Requirements, 511 IAC 15-6-34
  - School Counselor Exam required for initial license.
- License Types
  - Initial Practitioner, 511 IAC 14-1-1
    This is the first license received upon receipt of your Master's in School Counseling. This two-year license can be renewed up to two times if not able to complete IMAP or PGP requirements.
  - Proficient Practitioner (5 year)
    The proficient license is a 5 year license that can be renewed through completion of college courses and/or professional development opportunities.
  - Accomplished Practitioner (10 year)
    To qualify for an accomplished license, one must have held a proficient license for the full 5 year term; a master's degree in school counseling; and 2 years of experience as a school counselor.
    The accomplished license can be renewed in the same ways the proficient license can be renewed but within 10 years to complete the requirements as opposed to 5.
- Original License (Initial Practitioner)
  The Initial Practitioner license is a two-year license. There are two options to convert from the Initial Practitioner to the Practitioner (5 year) license.
  - Option 1: Traditional IMAP Participation, which includes the completion of the School Service Personnel IMAP Assessment tool with your immediate supervisor in year 2. A completion letter will be given to you by your supervisor, which must be submitted with the application materials in order to obtain the Proficient Practitioner license.
    **Be sure to enroll in IMAP by October 31st of the 1st and 2nd year.
  - Option 2: Conversion with a 40 Point Professional Growth Plan (PGP)
    This option includes the completion of a Professional Growth Plan with 40 PGP points. Two years of counseling experience is also required to convert to a 5-year practitioner license.
- License Renewal
  - If IMAP or PGP requirements haven’t been met, the Initial Practitioner license can be renewed up to two times. If after your two renewals you still have not met requirements, you would be required to submit a PGP using activities within the last six years.
  - Renewing a Proficient Practitioner (5 year) School Counselor License
    - Complete one of the following:
      - Six semester hours completed at an accredited Indiana institution or an accredited Out-of-State institution. Official transcripts will be required for renewal. The six semester hours must have been completed after the issue date of the license you are renewing.
      - Professional Growth Plan (PGP)
- National Board for Certified Counselors (NBCC)
To take the National Certified School Counselor Examination (NCSC), counselors can submit a combination application for the National Certified Counselor (NCC) and NCSC (unless you already have the NCC certification). The NCC certification is a prerequisite for all specialty certifications with NBCC. In addition, to take the NCSCE, state licensed school counselors must hold a master’s degree or higher (completed at a regionally accredited college or university) with a major study in counseling or in a mental health field; and have accrued at least three academic years of postgraduate counseling supervision and work experience as a school counselor in a pre-K-12 school setting. Once your application is approved, counselors can register to take the exam(s).

The examinations are offered two times a year (April or October).
Professional Development & Advocacy

- Professional Associations for School Counselors
  Indiana is fortunate to have multiple professional associations that support the work of school counselors. Contact information for many of these organizations is listed below.
  - **American School Counselor Association (ASCA)**
    ASCA supports K-12 school counselors' efforts to help students focus on academic, personal/social and career development so they achieve success in school and are prepared to lead fulfilling lives as responsible members of society. ASCA provides professional development, publications and other resources, research and advocacy to school counselors around the globe.
  - **Indiana School Counselor Association (ISCA)**
    ISCA serves Indiana K-12 school counselors with multiple conferences and workshops, a website, legislative advocacy and more.
  - **Indiana Association for Career and Technical Education (Indiana ACTE)**
    A professional association committed to teachers, administrators, and staff who believe in CTE for young people. Indiana ACTE is committed to promoting and strengthening career education for today’s youth.
  - **Indiana Association of College Admission Counseling (IACAC)**
    IACAC membership includes high school counselors, administrators, college admission counselors, and other representatives from secondary and higher education. IACAC offers a spring conference, summer and fall workshops, a website with access to multiple resources (including the popular guidebook of secondary and postsecondary contacts), information on college fairs, and much more.
  - **Indiana Counseling Association (ICA)**
    ICA members include K-12 school counselors as well as counselors and mental health professionals from around the state. ICA hosts a spring conference, workshops, and has a website with more information.

- Important Organizations
  - **ACT** – Look for their annual fall workshops for high school counselors and dates for the Spring ACT Conference.
  - **College Board** – Look for their annual fall workshops for high school counselors.
  - **Independent Colleges of Indiana (ICI)**
  - **Indiana Commission for Higher Education (CHE)**
  - **Indiana Department of Education (IDOE)** - Amanda Culhan is Indiana’s School Counseling Specialist – aculhan@doe.in.gov or 317-232-0510
  - **Indiana Youth Group** - An organization supporting LGBTQ youth in Indiana.
  - **Indiana Youth Institute (IYI)** - IYI provides tools and information to youth organizations in Indiana including data, publications, grant tips, conferences and workshops, and consulting services. IYI awards professional development grants up to $750 for registration and travel to a conference, training, seminar or college course that helps you meet your mission. IYI also hosts the annual College and Career Counseling Conference in June.
Learn More Indiana – Indiana’s college and career connection. Learn More provides schools with free publications for K-12 students each year and promote the College Go!, Cash for College, and Career Ready campaigns.

Division of Student Financial Aid (SFA) – Your Indiana source for financial aid for Hoosier students.

Listservs & Communication

- ASCA Scene – ASCA’s online professional networking site.
- CounselorTalk – To register, send an email to stocktor@indiana.edu
- Learning Connection
  After registering for an account, you can join any of the three communities specifically for school counselors:
  IDOE - Elementary School Counselors
  IDOE – Secondary School Counselors
  Other communities of interest might include:
  IDOE – AP Teachers and Coordinators; IDOE – Dual Credit Teachers and Coordinators; IDOE – Title III & NESP (English Learners); IDOE – Curriculum and Instruction
- SS INtouch is a monthly e-newsletter for school counselors and includes updates from the state. To access these updates you can join one of the learning connection counseling communities noted above or CounselorTalk.
- Facebook – many of the professional associations also have a Facebook page where updates are posted.
- DOE on Social Media Facebook, Twitter, and Instagram

</tbody>
</table>
ICA  Indiana Counseling Association
IDEIA  Individuals with Disabilities Education Improvement Act - Federal special education rule.
IEP  Individualized Education Plan
ILP  Individualized Language Plan
IP License  Initial Practitioner License
ISCA  Indiana School Counselor Association
LD  Learning Disability
LEA  Local Educational Agency (local school corporation)
LEP  Limited English Proficiency
LRE  Least Restrictive Environment
NACAC  National Association for College Admission Counseling
NCLB  No Child Left Behind, 2001: states, school districts, and schools must demonstrate AYP. All students are expected to be at the state-defined “proficient” level by 2013-2014. States calculated starting point based on 2001-2002 test data (Fall 2002 ISTEP). Indiana’s starting points were: 58.8% passing in English. 57.1% passing in mathematics.
OHI  Other Health Impaired
OT  Occupational Therapy
PL 221  Public Law 221 - Indiana’s comprehensive accountability system for K-12 education. Passed by the Indiana General Assembly in 1999 – prior to the federal No Child Left Behind Act of 2001, the law aimed to establish major educational reform and accountability statewide. To measure progress, P.L. 221 places Indiana schools into one of five categories based upon student pass rates on state ISTEP+ tests: Exemplary Progress, Commendable Progress, Academic Progress, Academic Watch or Academic Probation
PSC  Professional School Counselor
PSAT/NMSQT Qualifying Test  Preliminary Scholastic Assessment Test/National Merit Scholarship Qualifying Test
PT  Physical Therapy
RAMP  Recognized ASCA Model Program
RSC  Redesigning School Counseling (process to become a Gold Star school)
RSC Lite  Condensed version of Gold Star – used for accountability purposes (includes data, goals, activities, and summary).
RTI  Response to Intervention or Response to Instruction
SAT  Scholastic Assessment Test - developed by the College Board.
SEA  State Educational Agency (IDOE)
SIP  School Improvement Plan
SLP  Speech and Language Pathologist
SRO  School Resource Officer
TBI  Traumatic Brain Injury
THD  Technical Honors Diploma
TOR  Teacher of Record
College Terminology

Many colleges use the following terms but their definitions may vary slightly.

**Academic Year:** A period of time from the start of the fall semester or quarter (usually in August or September) and continuing through the completion of the spring semester or quarter, usually in May or June.

**Accreditation:** An endorsement given to educational institutions or academic degree programs by an organization that reviews qualifications.

**Application Filing Periods:** The periods during which applications may be submitted.

**Associate’s Degree:** A two-year degree from a community or junior college.

**Audit:** To attend a class without receiving credit for the class.

**Bachelor’s Degree:** A four-year degree from a college, university or professional school.

**Concentration:** A certain number of credits/courses in a major program of study that is more specialized than the general degree program. An option or special emphasis within a degree program. Concentrations are noted on the diploma.

**Course Equivalency:** A course at a community college that equates to a course offered at a four-year college or university.

**Course Numbers:** Numbers assigned to specific classes.

**Credit hour:** Credit given for attending one lecture hour of class each week for 15 weeks or equivalent. Most college classes are three credit hours, meaning their total meeting time for a week is three hours.

**Degree:** A certificate of completion of a course of study.

**Degree Plan:** A specific list of required courses and electives to be completed for a degree.

**Doctoral Degree:** The most advanced degree that can be earned.

**Electives:** Courses that are not used to meet specific major, general education, or graduation requirements, but can be used to complete the total units required for a degree.

**Expected Family Contribution (EFC):** The amount of financial support a family is expected to contribute toward a child’s college education. This amount is part of the formula used by the federal government to determine financial aid eligibility using the FAFSA form.

**Extension:** Instruction offered at various off-campus community sites during the regular school year.

**Federal Pell Grant Program:** This is a federally run sponsored and administered program that provides grants based on need to undergraduate students. Congress annually sets the appropriation; award amounts vary based on need. This is “free” money because it does not need to be repaid.

**Federal Perkins Loan Program:** This is a federally run program based on need and administered by a college’s financial aid office. This program offers low-interest loans for undergraduate study.

**Federal Stafford Loan:** This federal program provides low-interest loans for undergraduate and graduate students. The maximum annual loan amount depends on the student’s grade level.

**Federal Work-Study Program (FSW):** A federally financed program that arranges for students to combine employment and college study; the employment may be an integral part of the academic program (as in cooperative education or internships) or simply a means of paying for college.
Fees: Course-related costs to attend college.
Fine Arts: Generally courses in dance, music, theater, and visual arts.
Flat-rate Tuition: Policy instituted by some institutions in which students are charged a single rate beyond a certain number of credit hours taken.
Free Application for Federal Student Aid (FAFSA): This is the federal government’s instrument for calculating need-based aid. It is available at www.fafsa.gov. Indiana’s state deadline is in March.
Freshman: A student who has completed less than 30 hours of college credit.
Full time: Twelve or more credit hours per semester for undergraduate students.
General Education: A program of courses in the arts and sciences that provides students with a broad educational experience. Courses typically are introductory in nature and provide students with fundamental skills and knowledge in mathematics, English, arts, humanities, and physical, biological, and social sciences.
GPA: Grade point average: the average of your class grades, oftentimes based on a 4.0 scale.
Graduate: Courses offered beyond the bachelor’s degree level. Also, students who have received a bachelor’s degree and who are enrolled in post-baccalaureate instruction.
Grants: Financial assistance that does not require repayment.
Greek Life: This refers to sororities and fraternities.
Half time: Six credit hours per semester for undergraduate students.
Humanities: Generally courses in the classics, foreign languages, linguistics, literature, philosophy, public speaking, and religion.
Independent Study: This option allows students to complete some of their credit requirements by studying on their own. A student and his or her faculty advisor agree in advance on the topic and approach of the study program and meet periodically to discuss the student’s progress.
Internship: A job in a student’s field of study; may be required in some academic programs and may include salary and college credit.
Junior: A student who has completed 60 to 89 college credit hours.
Liberal Arts: Program/courses in the humanities, natural sciences and social sciences.
Loans: Financial assistance that must be repaid.
Long session: Regular fall or spring semester.
Major: A student’s concentrated field of study.
Master’s degree: A graduate degree that usually requires two or more years of study beyond the bachelor’s degree.
Merit awards, merit-based: These awards are based on excellence in academics, leadership, volunteerism,
Scholarships: athletic ability, and other areas determined by the granting organization, which can be a college or university, an organization, or an individual. They are not based on financial need and don’t need to be repaid.
Minor: A student’s secondary field of study.
Need-based Financial Aid: Need-based financial aid is awarded on the basis of the financial need of the student. The Free Application for Federal Student Aid application (FAFSA) is generally used for determining federal, state, and institutional need-based aid eligibility. At private institutions, a supplemental application may be necessary for institutional need-based aid.
Nonresident: Any student who lives out of state or does not meet specific state residency requirements.
Online courses: Classes held on the internet instead of in a traditional classroom.
Prerequisite: A course that must be taken prior to enrollment in another course.

Sample Calendar of Events

August:
- New student orientation
- Counselor introductions
- Consult with Teachers
- Organize Student Assistance /RtI team
- Student Ambassadors
- Mentorship Programs
- Orient teachers/Advocate
- Staff Morale
- Needs Assessment
- Update 504 plans – distribute to teachers

September
- LAS Links testing
- NWEA
- Student Assistance/RTI team
- Records Reviews
- Professional Goals
- Start groups, clubs
- Start Guidance Lessons Rotations
- College-Go-Week
- Indiana Middle Level Educators’ Conference

October
- Bully Prevention Lessons Complete by Oct. 15
- Red Ribbon Week
- Parent Teacher Conferences
- Track data
- Academic Checks
- 21st Century Parent Night
- Regional Conferences

November
- High Ability testing
- ISCA Conference
- Mix It Up Day @ Lunch
- Community Resources for holiday needs/service learning

December
- Kids Count Conference
- Holiday Help
- Academic Checks

January
- NWEA
- New student orientation
- Gr. Level Transition discussions
- Parent meetings for 8th grade students

February

March
- ISTEP Applied Skills
- National Disabilities Awareness Month
- High Ability evaluations
- Elementary student visits
- Academic Checks

April/May
- Transitions to High School
- ISTEP Multiple Choice
- Summer School recommendations
- Retention recommendations
- Gold Star Student and Teacher Surveys
- Meet with High School Counselors (pass along information on transferring students)
- Meet with Elementary Counselors (receive information on incoming students)

Summer:
- Post-Secondary Counseling Institute
- ASCA Conference

Ongoing

Date

Signature of Administrator or Counselor confirming that Report was made:

_______________________________________________________  ______________________

Date

Reports must be sent to both:

(Insert) County Division of Family and Children & State of Indiana Department of Child Services

Date that this report was made by telephone: ________________________________

Date that this report was sent in writing: ________________________________

Fax or Email
Form to for Recommendation for High Ability Classes

HA Recommendation Form

Date _______________ Recommendation Requested by: Teacher or Parent

IF YOU ARE RECOMMENDING A STUDENT FOR HA PLACEMENT, PARENT CONTACT MUST BE MADE.

Recommendation completed by ______________________________________________

Student Name ___________________________ Date of Birth _____________________

Male ___ Female ___ Grade _____ School ___________________________ Teacher/Team _____________________________

Parent/Guardian ___________________________________________________________

HA Math Recommendation:
To be completed by math and science teachers and counselor

HA Language Recommendation:
To be completed by language and social studies teachers and counselor

Criteria For HA Placement:
SAI of 125 or above
Upper 90th percentile for standardized testing
Pass+ for ISTEP
Grades of A’s in areas of recommendation
Academic Rating Scales

Area of Recommendation: Math Science Language Arts Social Studies

List of Counselor Generated Reports:
- NWEA RIT Score and Percentile for math, language, and reading (Fall and Spring)
- SAI Score from Otis Lennon (Total Score; Verbal Score; Non-Verbal Score
- ISTEP+ Scores (Math, Language, and Science)
- Grades
**Mathematics and Science Rating Scale**

Rate the student according to the scale:

1 – Rarely, seldom, or never
2 - Occasionally, sometimes
3 - Quite often or frequently
4 - Always or almost always

DK – Don’t know or have never observed

<table>

**Language Arts and Social Studies Rating Scales**

Read each item and rate the student according to the scale:

1 – Rarely, seldom, or never  
2 – Occasionally, sometimes  
3 – Quite often or frequently  
4 – Always or almost always  
DK – Don’t know or have never observed

### In Language Arts, the student…

1. **Has an extensive vocabulary; interested in words, definitions, and derivations.**
2. **Reads for pleasure; loves to read.**
3. **Organizes ideas and sequences well.**
4. **Understands and uses humor; uses and understands satire, puns, and second meanings.**
5. **Is original and creative; develops his/her unique ideas.**
6. **Reads for facts and information; willing to explore in greater depth than other students.**
7. **Sees relationships among story elements (e.g. compares and contrasts, summarizes, draws conclusions, etc.)**
8. **Recognizes author’s point of view, mood or intentions.**
9. **Uses expressions in reading and/or speaking; uses vivid expressions which make words “come alive.”**
10. **Elaborates well when speaking and/or writing.**
11. **Is motivated to write in and out of the classroom; writes stories, poems, or plays.**
12. **Is able to transfer language arts skills to other content areas.**

**TOTAL**

### In Social Studies, the student…

1. **Displays intellectual curiosity, becomes interested in a variety of topics not required or assigned.**
2. **Is skilled in analyzing topics, finding the underlyng problem, questioning, investigating.**
3. **Is attracted toward cognitive complexity; enjoys puzzles, paradoxes, mysteries.**
4. **Asks questions that are open-ended or philosophical.**
5. **Has a wide vocabulary which is used precisely and appropriately.**
6. **Enjoys language, reading, conversation, listening, and verbal communication.**
7. **Is sensitive to social issues, sees ethical and moral questions.**
8. **Entertains alternative explanations or points of view while exploring a question.**
9. **Engages in intellectual play; enjoys puns, play on words, language games.**
10. **Pursues the processes of research and investigation.**
11. **Recalls details about social science topics, makes unusual connections.**
12. **Interested in social themes, complex public issues, explanations, and theories of causation.**

**TOTAL**

(Date)

Dear Parent of __________________,

Based upon information submitted regarding your student, your family has a new address. In order to keep our files current and meet state record requirements, please provide us with new proof of residency.

As determined by the (insert school corporation) proof of residency must be established with the following:

1) A closing statement on your home in the school district
2) A lease agreement in your name in the school district
3) A current utility bill showing service in your name at your address in the school district

The proof of residency should be submitted to:

(School Name)
Attn: Counselor’s Office/ Proof of Residency
(School Address)

If more convenient, the information can be faxed to the attention of the Counselor’s Office at (Phone Number of School). Information should be provided as soon as possible. Your attention to this matter will be greatly appreciated.

Best Regards,

(Name)
Counseling Office Secretary
